

## LED RETROFIT KIT 105 WATT

105 Watts Replaces --- 360-400 Metal Halide or HPS

11,432 Lumens

|                                  |  |
|----------------------------------|--|
| Lighting System:                 | Light Emitting Diodes (LED)                |
| Input Power:                     | 105 Watt                                   |
| Input Voltage <b>Options:</b>    | AC 100-277V Standard (AC347-480V Optional) |
| Driver <b>Options:</b>           | Non Dimmable Standard (Dimmable Optional)  |
| Luminous Flux:                   | 11,432 Lumens at 5700K                     |
| Beam Angle:                      | 120°                                       |
| Power Factor:                    | 0.96                                       |
| Light Source:                    | High power CREE LEDs                       |
| Driver :                         | Mean well ,UL&CUL approved                 |
| Fan Equipped :                   | Sunon Brand                                |
| Humidity:                        | 20% to 90% RH                              |
| Operating Temperature:           | -40°F to 122°F                             |
| Dimensions & Weight:             | 6.8" L x 4.9" W x 1.0" H, 2 lbs. + B       |
| Color temp (CCT) <b>Options:</b> | 3500K - 6000K ( <b>5700K Standard</b> )    |
| Lifespan:                        | 70,000 hours                               |
| Manufacturer Warranty:           | 5 years                                    |
| Main Certification:              | UL, cUL, ETL/cETL, CE, RoHS, DLC           |
| Reports Available:               | LM 79/ LM 80                               |

**Kit Includes:** Standard Mounting Bracket  
 Meanwell Driver, Sunon Fan, LED head  
 with Cree LED's. **Pre-assembled.**

### Additional Options:

- \* Customized Mounting Plate Option
- \* Lens Options for smaller beam Angle

### KIT CAN BE USE FOR ANY OF THE BELOW FIXTURES
